

Jolanda
Nauticat 33 Mark 2
SSR 25043
Built 1987

For Sale

Jolanda was the subject of extensive improvements in 2015. The original fuel tanks were replaced with Tek plastic tanks. All fuel hoses were replaced, with new isolation valves. A new seawater filter was also fitted. The engine was removed, and new engine mounts fitted. The exhaust manifold was replaced. The engine was fully serviced. Three new batteries were fitted this year (2016) All seacocks replaced.

All standing and running rigging was serviced and renewed where needed. A Harken AA track and fittings were fitted, together with Lazy Jacks. New fully battened sails were made and fitted by Dart sails.

The decks were completely re caulked. The teak was stripped back and four coats of varnish applied.

New Ray Marine electronics were fitted as follows.

- 18" Digital Raydome
- Chart plotter with a repeater in the outside steering position.
- Evolution Auto Pilot
- 1 70 System Pack
- AIS and new digital radio

The inventory includes the following, in addition to the above.
